

KUIET

High Performance Thermo-Acoustic Underlay

Kentwood KUIET is a premium quality acoustic underlay designed to deliver excellent sound absorption performance in a minimum profile. This ultra-thin 3mm underlay is composed of a firm, dense polyester fibre membrane (made from 100% recycled material) and a thermal-reflective aluminum film (made from 5-10% recycled material.) It can be used in nail down, glue down and floating installations, and also over radiant heat.

FEATURES INCLUDE:

- superior soundproofing performance (FIIC 59, ASTC 53)*
- excellent thermal insulation properties
- helps correct minor subfloor irregularities
- easy to install, cuts with scissors
- made from recycled materials and 100% recyclable
- odorless and non-toxic
- does not react to moisture; mold and mildew resistant
- LEED compliant, supports:
 - MR 4.1, 4.2: Recycled Content (36.3% pre-consumer and 54.3% post consumer content);
 - IEQ 3.2 Option 3: IAQ Management Plan: Testing Before Occupancy (no VOC's and no added Urea Formaldehyde)
